Offered at \$999,900

NOVEMBER 2003! Outside of this home, November 2003 is how far back I had to look before finding a detached single family residence over 3000 sqft in Turtle Rock that sold on the MLS for under \$1,000,000 - and this is not a short sale or bank owned. Seller has equity! This beautifully remodeled Broadmoor residence began as a single story home with 4 bedrooms on the ground floor before a permitted addition upstairs added a fifth bedroom, full bathroom, and amazing bonus room that could be used as anything from game room to 6th bedroom. The most recent round of renovations upgraded and opened up the kitchen to the dining and living area and added a center island. With Scraped ceilings, recessed lighting, remodeled bathrooms, new roofing, an enormous back yard and large dual pane windows everywhere, there is a bright and warm feeling throughout.
